Education

Peking University — School of Electronic Engineering & Computer Science (EECS) Aug 2023 – Jun 2027 (exp.)
*B.Sc. Computer Science & Technology · **Turing Class** · GPA: **3.913 / 4.000*** *Beijing, China*

Carnegie Mellon University — School of Computer Science Jan 2026 – May 2026
Exchange Student · GPA: 4.0 / 4.0 · Dean's List with High Honors *Pittsburgh, PA*

No. 2 High School of East China Normal University Aug 2020 – Jun 2023
High School · Distinguished Graduation (top 10 / 400) *Shanghai, China*

Research Experience

DaGAME Lab, Peking University — Research Intern Oct 2023 – Present
Advisor: Prof. Xiaotie Deng

- Computational economics and algorithmic game theory, with a focus on mechanism design, information elicitation, pricing in digitalmarkets, and strategic behavior in automated bidding.

Microsoft Research Asia (MSRA) — Research Intern Dec 2024 – Mar 2025
Mentor: Dr. Yuhui Yuan

Course Project: Numerical Methods — Principles, Algorithms & Applications May 2024
Advisor: Prof. Tiao Lu

- Built a neural-network-based financial trading model; conducted live trading and presented one-year performance at the following year's seminar.

Conference Reviewer

- IEEE Symposium on Foundations of Computer Science (FOCS) 2024
- AI for Mechanism Design and Strategic Decision Making (AIMS), ICLR 2026 Workshop

Publications & Manuscripts

[1] Yanru Guan, Naveen Raman and Fei Fang. *Human Decision-Making with AI Assistance under Correlated Features.* [arXiv:2606.20628]
Accepted by **Human-AI Complementarity Workshop: Dynamic Alignment**

[2] Yanru Guan, Jiahao Zhang, Zhe Feng, Tao Lin. *On the Coordination of Value-Maximizing Bidders.* **ICML 2026**. [arXiv:2511.04993]
Also accepted by **2026 Marketplace Innovation Workshop**

[3] Ningyuan Li*, Yanru Guan*, Xiaotie Deng, Zihe Wang, and Jie Zhang. *Selling Data as a Digital Good with Scaling Valuations.* **ICML 2026**. [openreview]
Also accepted by **ICLR 2026 Workshop AIMS**

[4] Xiaotie Deng, Yanru Guan, Ningyuan Li, Zihe Wang and Jie Zhang (alphabetical). *Ex-Ante Truthful Distribution-Reporting Mechanisms.* **WINE 2025** (Conference on Web and Internet Economics), Rutgers U., 2025. [arXiv:2507.04030]

Invited Talks & Presentations

City University of Hong Kong CS Colloquiums – *Auctions Under Uncertainty: Strategic Distribution Reporting and Data Markets* Aug 2026

Harvard University EconCS Seminar – *Ex-Ante Truthful Distribution-Reporting Mechanisms* May 2026

Northwestern University CS Theory Seminar – *Ex-Ante Truthful Distribution-Reporting Mechanisms* Mar 2026

Carnegie Mellon University EconCS Seminar – *Ex-Ante Truthful Distribution-Reporting Mechanisms* Feb 2026

WINE 2025, Rutgers University – *Improved Budget-Feasible Mechanisms for Submodular Valuations* Dec 2025

China IOI 2026 Training Camp – *Personal growth journey & reflections* Dec 2025

Asia-Pacific Informatics Olympiad (APIO) 2024 – *Probability Theory and Probabilistic Methods* May 2024

Teaching & Professional Services

Teaching Assistant, CMU 15-451: Algorithm Design and Analysis (Prof. Yang Liu & Richard Peng)	Jan – May 2026
Trainer & Guest Commentator, ICPC North America Programming Camp (NAPC) + ICPC Live	Mar 2026
Teaching Assistant, PKU 04831760: C/C++ Programming Practice (Honor Track) (Prof. Shaofeng Jiang)	Feb – Jun 2025
External Coach, Shandong Provincial Informatics Olympiad Training Camp	2023 – 2024
Author, "Women are equally outstanding as men", CCF NOI 40th Anniversary Commemorative Collection (pp. 226–228)	Mar – Jun 2024
Contributor, *Informatics Olympiad Dictionary* (official guidebook, China Computer Federation)	2022 – 2023

Honors & Awards

Research Awards

- HuanYu Information Quest Award, EECS, Peking University — Dec 2025
- Rising Star in Computer Science Research, School of CS, Peking University — Nov 2025
- Outstanding Student, Center on Frontiers of Computing Studies (CFCS) — Dec 2024

Scholarships & Awards

- Dean's List with High Honors in the School of Computer Science, Carnegie Mellon University — May 2026
- **May Fourth Scholarship** (highest-level university scholarship, Peking University) — Sep 2025
- **National Scholarship** (highest honor for undergraduates in China, top 0.5%) — Sep 2024
- Merit Student, Peking University — Sep 2024
- Freshman Scholarship & Dean's Freshman Scholarship, EECS, Peking University — Sep 2023

Competitive Programming (Selected)

- **Silver Medal, 5th Place**, The 2025 ICPC World Finals — Sep 2025
- First Prize, UBIQuant Peking University Programming Contes — May 2025
- Gold Medal, The 2024 ICPC East-Asia Continent Final Contest — Dec 2024
- Second Place, The 2024 ICPC Asia Kunming Regional Contes — Dec 2024
- Champion, The 2024 ICPC Asia Hangzhou Regional Contest — Nov 2024
- Second Place, 2024 China Collegiate Programming Contest, Jinan Site — Oct 2024
- Champion, TuSimple National Invitational College Programming Contest — May 2024
- Gold Medal, The 9th China Collegiate Programming Contest (CCPC) Final Contest — Mar 2024
- Gold Medal, The 2023 ICPC East-Asia Continent Final Contest — Jan 2024
- Champion, The 2023 ICPC Asia Jinan Regional Contest — Dec 2023
- Champion, 2023 China Collegiate Programming Contest (Shenzhen) — Nov 2023
- Champion, TuSimple National Invitational College Programming Contest — Apr 2023
- **Gold Medal, Best Female Player**, National Olympiad in Informatics (NOI) — Aug 2022

Technical Skills

- **Programming:** C++ (expert, 10+ years), Python, Matlab, Haskell, Agda, OCaml, LaTeX
- **Languages:** Chinese (native), English (TOEFL 113/120, Speaking 29)
